HARMONIOUSLY HANDMADE

You already know that Harmony takes great pride in handmade beer, food, and spirits. But, so much of the business itself has a handmade story! Here are a list of a few of the handmade/upcycled elements of Harmony Brewing Company:

The bar is made from a combination of gymnasium flooring from WMU and railroad ties. The back bar features a pocket door that was salvaged from this building. The bathroom doors in the bar area are from the old Iroquois middle school. The kettle and mash tun are made from old dairy tanks from Wisconsin. The fermentation vessels are yogurt processing tanks. Benches, tables, chairs: so many are salvaged, reused, or handmade. It's how we make the dream work. Handmade with love and ingenuity. We thank you for coming and we hope you enjoy our work. Cheers!
